Dear Lindsey,

Just wanted to let you know how very happy we are with our new kitchen we thought it would look nice but it has turned out to be absolutely wonderful and we are over the moon with it.

From the start with your expert planning, ideas and attention to detail everything went exactly to plan and everything happened when you said it would. We would like you to pass on our thanks to everyone involved especially Peter the fitter and Jeff the tiler who were both experts in their field and where a pleasure to have around the house.

We are so pleased we chose Dewhirst and if we ever move and need a new kitchen there is no doubt where we will go (not that I could ever think about moving now I have such a wonderful kitchen). We would also recommend you to anyone.

Thanks again

Marilyn + Darroll
