

BEDROOM LIVING ROOM BATHROOM KITCHEN

MAKE IT YOUR OWN KITCHEN *Makeover*

DEWHIRST KITCHENS have a double celebration! The company has been in business for 50 years and has just been chosen as the MasterPartner for Leicester by leading appliance manufacturer NEFF.

Dewhirsts are marking the occasion with a MasterPartner launch party at their showrooms in Granby Street on Saturday from 11am until 3pm.

The public can watch cookery demonstrations and sample some delicious food. There will be NEFF giveaways and the chance to win a set of designer saucepans worth £125.

“Whether you are choosing appliances or looking to get the best from your existing NEFF appliances, this should be an informative and enjoyable day,” says Damian Dewhirst, whose father Michael founded the business in 1957.

Celebrations continue on June 28 when Dewhirst Kitchens sponsor a race at Leicester Racecourse.

“We offer competitive prices on quality stylish kitchen furniture and have one of the East Midlands’ finest showrooms,” says Damian.

AWARD-WINNING

“Our award-winning designers can help you realise the perfect kitchen for your home. ” Dewhirsts have belonged to the Kitchen Bathroom Bedroom Specialists Association (KBSA) for more than 25 years.

Damian believes the company has benefitted greatly from membership. “The KBSA deposit protection has always been an important selling point and we recently introduced the Consumer Care Plus scheme which is also proving popular.

“Customers spend a lot of money on a new kitchen and they need to be confident that their money is protected and their kitchen will still get installed, should their chosen retailer cease trading. That extra bit of reassurance is invaluable.”
