

# MAKE IT YOUR OWN KITCHEN

## *Makeover*

**QUALITY: At Dewhirst Kitchens**

GREAT looks and durability go hand in hand with a Dewhirst Kitchen.

The award-winning Leicestershire kitchen specialist is celebrating 50 years of stylish kitchen installations at competitive prices. While kitchen trends move with the times the milestone shows how a real expert can stay on the ball with new developments.

The Dewhirst showroom in Granby Street is one of the finest in the region, with more than 25 displays on view. Settings range from the glossy and totally contemporary German Systemat range, to the artisan look of an Oakcraft kitchen. Other ranges include Stoneham and Dewhirst's own Select Range, with appliances from leading manufacturers Miele, Neff, De Dietrich, Elica, Falcon and Smeg. Dewhirst has recently been chosen as the MasterPartner for Leicester by Neff. Customers who spend £10,000 on a Dewhirst kitchen receive a free Neff oven or dishwasher. Spend over £15,000 and receive both.

An independent family firm, Dewhirst has been a leading member of the Kitchen Bathroom Bedroom Specialists Association (KBSA) for more than 25 years. Damian Dewhirst, whose father Michael founded the company in 1957, says membership brings huge benefits to customer confidence.

Most customers take advantage of the full Dewhirst planning and installation service, with expert design and fitting, but a delivery service can also be arranged and contract and builder inquiries advised. For further information, call 0116 255 5745.

**50 years of outstanding kitchens 1957-2007**

Dewhirsts have offered competitive prices on quality stylish kitchen furniture for 50 years.

Visit one of the finest showrooms in the East Midlands and see how our award-winning designers can help you realise the perfect kitchen for your home.

We also create larger schemes for housing developers and building contractors utilising our considerable experience from full design and planning to delivery only options.
