The Neff Home Economist will be holding an in-store demonstration to enable you to find out more about Neff appliances and their capabilities. There will be the chance to see appliances in use and how the various functions work to produce excellent cooking results.

During the event the Neff Home Economist will be on hand ready to answer any questions that you may have and you'll be able to sample some of the delicious nibbles that have been cooked in a Neff oven!

Come along and enjoy a glass of wine, tea or coffee whilst sampling the food. **Enter into a no obligation prize drawer for a set of designer pans.**
